ENCHANTING TIPI MARQUEES

Combining traditional Scandinavian design and modern technology, our giant tipis (also known as Tee Pees, Katas or Giant Hats) are built to withstand the elements. Their intrinsically strong, waterproof and beautiful structure – natural timber poles, earthy canvas tones and soaring 7m ceilings at the peak – will create a stunning setting for your event!

Not only do our tipis look stunning, but they are incredibly flexible too! Pitched on their own with their sides down they take the form of a conventional tipi – warm, cosy and intimate. Pitched with their sides up they can be joined together in a variety of configurations to create a single, large, stunning space. Whether you are holding an intimate party, stunning gala dinner or inspiring festival there is a configuration that will work perfectly for you! Combined with our festoon and fairy lighting, woven flooring, open fireplaces and hand-made timber furniture our tipis will provide an unforgettable, bespoke setting unlike any other!

We would be honoured to be chosen as part of your event and will go above and beyond to make sure your celebrations are perfect. Our goal is to exceed your expectations and create memories that will last a lifetime!

Timber Furniture

Timber Furniture

We have 2 styles of timber furniture available for hire:

1) Reclaimed Crow's Ash & Tallow Timber Tables & Benches

Our Reclaimed Crow's Ash & Tallow timber tables and benches have been lovingly handcrafted out of old hardwood floorboards. The tables measure 2m x 0.7m and benches are 2m x 0.3m. You can seat 6-8 guests per table – 3 per side (spacious) or 4 per side (cosy). We have 16 tables and 32 benches available for hire. (NB. These tables have been made narrow specifically to maximize the number of guests you can seat per tipi and are the perfect choice if you are hoping to fit 120 guests in two tipis and still have room for a dance floor.

2) Timber Feasting Tables

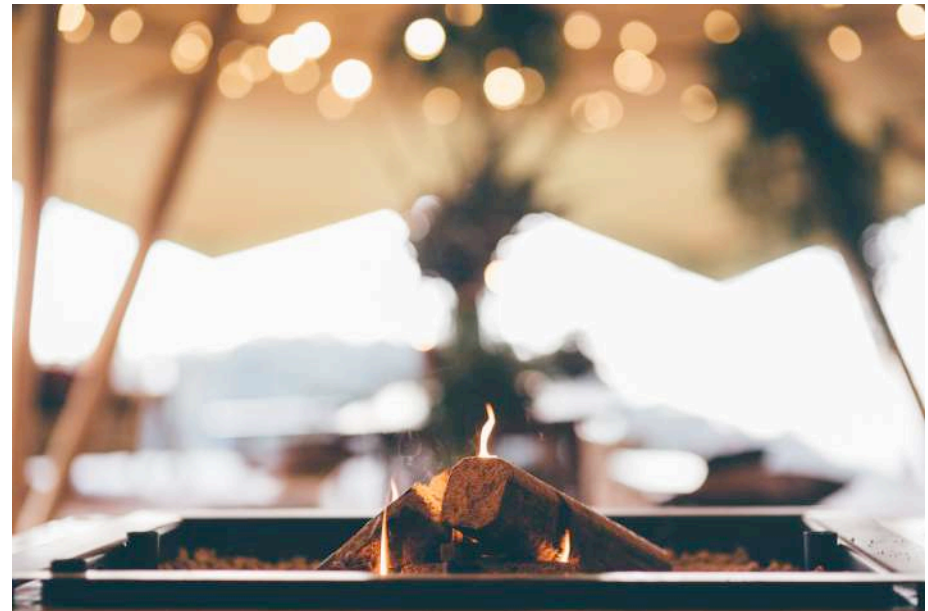

Measuring 3m long by 1m wide our Feasting Tables seat up to 5 people per side. These tables are the perfect width for 'Share Fare' where food platters are placed down the centre of the table.

We have 2 types available:

- **Rustic Timber Feasting Tables** made out of lovely old reclaimed Hoop Pine timber. These tables are perfect for feature tables, for example, 'grazing tables' (3 available).
- **Trestle Feasting Tables** made out of a mix of reclaimed Hoop Pine and new Hoop Pine. These trestle tables mix and match with the Rustic Feasting Tables and are the perfect option for seating your guests (11 available).

NB. You can use our 2m reclaimed timber benches with the 3m Feasting Tables, you will just need to place the tables in pairs or multiples of two OR use a mix of benches and chairs to make up the difference in length.

Open Fireplaces

A unique aspect of our giant tipis is their ability to house an open fireplace. Open fires create a welcoming ambience, add warmth and provide a gathering point for your guests. We have two open fireplaces available for hire – they are the perfect accessory for a winter event! (NB. Pricing includes Eko-Log timber and a Tipi Luxe Staff Member to look after the fire from sunset till midnight).
